

# LSM5200

Economic Sealant Tape 140°C

## DESCRIPTION

**LSM5200** is polyvalent sealant tape recommended for room temperature applications and able to undergo exothermic temperature up to 140°C. **LSM5200** has been especially developed for wind blade producers working in high humidity and high temperature environment. Economic and ideal for use on metallic composite tools, this sealant tape is easy to release from the tools: no contamination on the surface mould.

(it is recommended to strip the tape from the mould surface once it has cooled down to room temperature).

**LSM5200**

## STORAGE

Keep this film at room temperature and normal hygrometry. Do not refrigerate.

Shelf life: use within the 12 months after deliveries.

## CHARACTERISTICS

Product	Max. Serv. Temp.	Dimensions	Rolls/box	Color	Use
LSM5200	140°C	12,5 mm x 2,5 mm x 15m ½ inch x 1/10 Inch x 49 ft	10	Black	High tack
